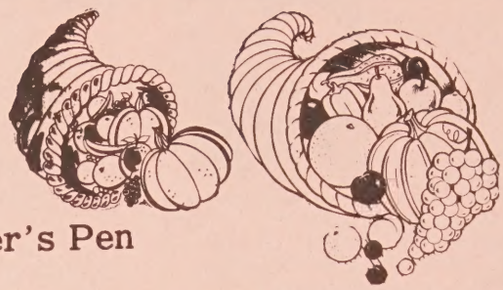
THANKSGIVING MESSAGE



From the Publisher's Pen

AMERICANS can find a lot to complain about this year. The war in the Far East isn't really over and the truce in the Middle East is, at best, a tenuous one. As a result of that Middle East situation we are faced with a serious oil shortage and an inflation of gasoline prices that threatens to keep up with soaring food costs. As if all that were not enough, we are experiencing a credibility crisis in our presidency which is virtually unrivaled in the annals of our leadership.

CHEER UP AMERICA. We had better give thanks on November 25th just the same, because our situation is going to get worse before it gets better. For years we have been the most spoiled nation in a world where two thirds of the population still goes to bed hungry at night. And we are about to get unspoiled. That Mid-East oil squeeze is going to have an effect that will spread like ripples throughout our economy. Shortages in all petroleum-related products are going to develop and there will be a decrease in industrial production and a consequent increase in unemployment. Americans will be counting kilowats like a fat woman counts calories, and it looks like the rationing cards familiar to citizens of World War II vintage aren't really a thing of the past after all.

THE CRISES IN THE WHITE HOUSE

As for the crises in the White House, – – well, corruption is a funny thing. You start off with that one rotten apple in a barrel and many times you end up uncovering more rotten apples than you even wanted to know existed. That brother who caught the Watergate burglers set a chain reaction in motion that hasn't stopped yet. Who knows what shape the presidency and the country will be in next year.

...and let us

EQUAL OPPORTUNITY EMPLOYER

Labor Honors Construction man of the Year Man

Pictured above with Lou Pedersen, Secretary/Treasurer Central Labor Council is Larry Weaver, Journeyman Carpenter and foreman with the Peter Kiewit Sons' Company. Larry was selected from among the more than 300 minority construction workers placed by the Tacoma Urban League of the past 3 years. He was presented a plaque at the Labor Leadership Conference held by the Outreach Program at Alderbrook over the past weekend.

The conference was attended by the Executive Director of the Building Trades Council, the President of the A. G. C., the Manager of the Minority Contractors, Manager of the National Electrical Contractors Association, Business Representatives from the Operating Engineers, Roofers, Plumbers and Fitters, and numerous governmental officials from the State, Federal and Bureau of Apprenticeship and Training.

Mayor Gordon Johnston in his opening remarks to the 100 guests and participants, centered around taking the next step to full citizenship. The remarks like those of Lou Pedersen were challenging and well received. Management was represented by 3 contracting firms, Tucci and Sons, Art Pearson Construction, and Fitzpatrick-McIntyre Company. The Deputy Director of Labor Affairs, Mr. Cecil Smith, the Labor Leadership Director, Ms. Ruth Soumah, and Regional Director, Mr. Edward Mitchell, were very commendatory of the Tacoma Urban League and its presentation of a very fine two day seminar.

Harold G. Moss, Director of the Outreach Program said, "It was hoped that such a seminar would stimulate minority workmen into greater participation in their local unions and in their community as a whole."

The cause of all power, as of all weakness, is within thyself: The secret of all happiness as of all misery is likewise within thyself. There is no progress apart from unfoldment within, and no sure foothold of prosperity or peace except by orderly advancement in knowledge.

To know that justice, harmony and love are supreme in the Universe is likewise to know that all adverse and painful conditions are the result of our own disobedience to the Law (Law of Nature). Such knowledge leads to strength and power, and it is upon such knowledge alone that a true life and an enduring success and happiness can be built. To be patient under all circumstances, and to accept all conditions as necessary factors in your training, is to rise superior to all painful conditions, and to overcome them with an overcoming which is sure, and which leaves no fear of their return for by the power of obedience to the law they are utterly slain. Such an obedient one is working in harmony with the law, has in fact identified himself with the law, and whatsoever he conquers he conquers forever; whatsoever he builds can never be destroyed.

NOTICE

Students in the Tacoma Public Schools will be dismissed for the traditional Thanksgiving vacation on Nov. 22 and Nov. 23, a school district spokesman announced today.

The two-day closure includes the L. H. Bates Vocational-Technical Institute.

Students will be in classes for a full day on Wednesday. No early dismissal is scheduled.

Dear Tac-Vac

by: Ted Jefferson

Dear TAC VAC:

Q--I don't always have an easy time getting my mortgage payments made when they're due, and the loan company has fined me more than once for making late payments. The VA guaranteed my house loan; don't they have anything to say about the company's practice?

A--Yes. VA allows late payment charges to be written into the loan contracts it approves. Charges of no more than 4 percent of the monthly payment amount can be levied against you each time your payment is 15 or more days late.

Q--I was discharged before the current GI Bill was enacted. I am now in an apprenticeship program and I am told that my deadline is May 31, 1974. I won't be through until the following summer. Will I lose out?

A--No. Although May 31, 1974, is the deadline for veterans discharged before June 1, 1966, that deadline doesn't apply to those in apprentice, job, farm or flight training because those programs did not become available until 1967. Your deadline will be August 31, 1975, which will allow you to complete your apprenticeship training.

Q--About three years ago I went to a VA hospital for treatment of a service-connected disability. My condition is recurring and I wonder if VA will give the treatment a second time?

A--Yes, and if, as you indicated you have already established service-connection, all you need to do is apply for treatment.

SAFETY TIPS FOR MOTORIST

The Evergreen Safety Council announced today that rear-end traffic collisions may increase when the state highway speed limits are lowered unless motorists are on the lookout for drivers who are not cutting down their speeds.

Many drivers with years of experience on the road will find it difficult to obey the new speed limits. If one of these drivers is behind you when you're driving at the slower speed, he may cause trouble by following too closely or by trying to pass without giving himself enough room.

The Safety Council urges all drivers to:

1. Obey the new speed limits - they are there to help you save on gas during this critical period.
2. Look frequently in your rear view mirror for cars who may be coming up fast behind you.
3. Stay out of the inside lane of traffic on multi-lane highways as much as possible. NEVER try to slow down another car by getting in front of it. Let the State Patrol take care of drivers who want to go faster.
4. To help conserve on gas, avoid sudden acceleration and sudden stops. Keep your car's engine in proper working order and make sure that your tires are properly inflated.

For more driving information, call the Evergreen Safety Council and ask about the Defensive Driving Course. Their number is (206) 682-8557.

MADIGAN NEWS

Mrs. Hattie Zuill, RN, returns to Madigan after two and one-half years at the U.S. Army Hospital in Okinawa. She presently is working on Ward 7, just down the hall from where she spent most of her time before going to Okinawa, Ward 5. The New York native's husband is stationed at Bergstrom Air Force Base, Tex. She and her three daughters are residing in Tacoma.

Protection against the ravages of the upcoming influenza season will be available for active duty Madigan personnel, retired personnel, and dependents beginning this week at the Center's Allergy-Immunology Clinic, said A-IC chief Lieutenant Colonel Clarence M. Virtue.

The shots, which are mandatory for active-duty personnel, will be given in November to combat a new Hong Kong strain, and after the first of the year for a strain which appeared in England.

Those eligible for the shots should contact the A-IC at 76326 before coming to the clinic.

As a homebuyer, you will realize several advantages: the interest you pay is wholly income tax deductible; you will soon build an equity in the value of your home...making your net worth grow; your home is your castle...yours to live in, in your own individual style.

HUD doesn't sell houses, so please don't call HUD for details. All sales are made through professional Real Estate brokers. Almost all licensed Real Estate brokers have complete lists of homes available. They will be glad to help you find the home suitable for you, and to answer all your questions. Call one today. Ask him about HUD availabilities.

PROPERTY DISPOSITION (Only)

EQUAL HOUSING OPPORTUNITIES

HUD properties are offered for sale to any qualified purchaser. Any person interested in buying an HUD owned property should contact the real estate broker of his choice. Any real estate broker doing business with HUD will sell any HUD acquired property to prospective purchaser without regard to race, color, creed, or national origin. Noncompliance is a basis for precluding the firm doing business with HUD.

Letter to the Community

Many of us are unaware of the fact that there is a Pierce County Civic Arts Commission which sets itself up as an advocate of all the arts in Tacoma. This traditionally white commission traditionally supports traditional white arts (symphony, opera, etc.).

In October the Civic Arts Commission's Project 76 was funded for 3 months at $45,000 to document all the arts of Tacoma. Naturally, the Project 76 team was all white. The documentation will be used as a guide to the 1976 July 4th celebration. This celebration will mark America's 200th anniversary, so perhaps it is understandable that the 76 task force and the Pierce-County Civic Arts Commission have overlooked the minority artist. It is in line with their traditional thinking.

Blacks, Asians, Native Americans, Chicanos, and counter-culture artists cannot be represented by this thinking. If you are interested in forming a Minority Arts Commission for Tacoma-Pierce County, write:
